LAUNDRY COMPLETE

Pending EPA Registration #94196-6

Pre & Post Soak, Disinfectant, Viricidal, Deodorizer, Fabric Conditioner & Softener For All Your Laundry Needs

Repeated use of My-shield® Laundry Complete is clinically proven to remove unpleasant odors, control and kill harmful bacteria, and Noro virus in less than 10 minutes. As a pre or post soak laundry additive, it is proven to be colorfast and safe on all machine washable fabrics.

My-shield® Laundry Complete is perfect for household laundry needs and essential for hospitals, healthcare facilities, dentistry's, veterinarians, nursing homes, restaurants, schools, gyms and any commercial workplace.

My-shield® Laundry Complete is formulated with "Zetrisil" a propriety compound proven to be less harmful to fabrics compared to conventual laundry disinfection products. This low-cost, high-quality laundry disinfectant is available in convenient and easy-to-use packaging and refill options.

Simple to use - just add My-shield® Laundry Complete to the softening section of your washing machine or directly into the washing machine after the wash cycle and prior to the spin cycle. Once completed, we guarantee your fabric's will be softer with a pleasant fresh citrus fragrance and most importantly, free of harmful viruses and bacteria.

- Proven Safe/Color Fast For All Machine Washable Fabrics.
- Deodorizes + Disinfects All Machine Washable Fabrics.
- Free of Phenol, Dyes, and Bleach
- EPA "G" List Registered (Pending)
- Cationic Enhanced Low Allergenic Formulation

Formulated with

Zetrisil®
